

TRAN THU HUYEN (MARCUS TRAN)

PROCESS ENGINEER / QUALITY ENGINEER

Process Improvement • Quality Control • Kaizen • Manufacturing Excellence

Phone: 0907 640 098 • Email: marcus.tran2202@gmail.com • Location: An Phong, Hai Phong

CORE SKILLS

- Production data analysis and reporting.
- Process and production improvement.
- Quality control and problem solving.
- Work standards and training.
- Process digitalization and automation.

PROFESSIONAL SKILLS

LEAN SIX SIGMA & QUALITY

DMAIC methodology, root-cause analysis (5 Why, Fishbone, Pareto), 7 QC Tools, QCC, PDCA

MANUFACTURING SYSTEMS & COMPLIANCE

ISO 9001 • IATF 16949 • TPM • Takt/Cycle time • Line balancing • ERP/SAP/MES • Andon • KYT • Safety Dojo

DATA & DIGITAL TOOLS

Microsoft Office • Google Workspace
Full Stack Java • VueJS • Spring Boot
VBA • SQL • AI

LANGUAGES

- **English:** Communication in a workplace environment. Able to read technical documents.
- **Chinese:** Currently learning at a basic level.

EDUCATION

FPT POLYTECHNIC HAI PHONG

- Software Development (09/2023–09/2026)
- GPA 3.9/4.0
- Program completed, awaiting diploma

KEY ACHIEVEMENTS

- **Golden Bee Award, Spring 2026**
(Ranked No. 1 across the FPT Polytechnic Hai Phong campus)
- Champion, English QuizBee 2024
- President of the IT Club, recognized as an Outstanding Club.

CERTIFICATIONS

- Lean Six Sigma Yellow Belt – Alison (2026)
- ISO 9001:2015 QMS Essentials – Alison (2026)
- Gemini Certified Educator (2025)
- Online courses: Java, SQL, web development (2024–2026)

PROFESSIONAL SUMMARY

Nearly seven years of manufacturing process and quality experience at Toyota Boshoku Hai Phong (automotive parts, IATF 16949 / ISO 9001), progressing from production staff to Production Management Assistant responsible for production data and Kaizen in the Cutting-Inspection Department. **Skilled in root-cause analysis, work standardization and line-side problem solving, with a proven record of cutting waste and defects. A software/data background adds an edge for digitalizing process and quality reporting.**

MANUFACTURING & PROCESS EXPERIENCE

TOYOTA BOSHOKU HAI PHONG

11/2016 – 09/2023
(Nearly 7 years)

Production Management Assistant • Process Improvement • Data

2016 Production → 2017 Production Assistant → 2018–2023 Data & Kaizen

- Supported daily operations in the Cutting - Inspection Department with ~40 laser cutting machines and 400 employees per shift.
- Analyzed production, quality, workforce, safety, equipment and downtime data. Prepared periodic reports, forecast trends and performed root-cause analysis with corrective actions.
- Standardized work methods and training materials, planned Kaizen activities & improved process clarity, speed, quality and productivity.
- Monitored product quality, handled process defects and maintained the customer Zero-Defect objective.

Recognition: First Prizes in Group-level QCC competitions (2018–2021)
• Outstanding Employee – Outstanding Young Employee

PROCESS DIGITALIZATION & TRAINING

TECHNOLOGY TEACHER

10/2024 – PRESENT
(Nearly 2 years)

- Manage classes and maintain training quality.
- Teach Robocon, STEM/STEAM, programming and AI to primary and lower-secondary students in Hai Phong city.
- Also teach Microsoft Office and Google Workspace for daily work and reporting.
- Develop lesson plans, exercises and digital materials based on learner needs and abilities.

FREELANCE PROCESS DIGITALIZATION • 5 PROJECTS

07/2025 – PRESENT
(1 year)

Build practical digital solutions by analyzing workflows, identifying bottlenecks and applying Kaizen thinking for government agencies, military units and small businesses.

INTERNAL TASK MANAGEMENT SYSTEM

Digitized task assignment, deadline tracking, alerts and progress reporting on a LAN.

INTERNAL DEVICE CONTROL SYSTEM

Automated device monitoring, real-time logs, alerts and administrator response workflows.

MARCUS STORE • AI-POWERED E-COMMERCE PLATFORM

Digitized sales, inventory, orders, payments and delivery, with AI-assisted consultation and reporting.
